## **PUBLIC HEARING JUNE 10TH.**

### **RE: CHESTERTON ACADEMY AT ST. STEPHENS.**

A land-use hearing will take place over ZOOM on Monday, June 10th at 2 pm. More information on how to participate online or by phone is available at [www.portland.gov/omf/hearings/land-use](http://www.portland.gov/omf/hearings/land-use)

As posted: “**Proposal:** The applicant proposes to relocate the Chesterton Academy private high school to an existing building on the east side of the St. Stephen Catholic Church property.

Chesterton Academy currently enrolls 10 students, but the school proposes to eventually enroll up to 160 students. The school would occupy a building that was previously occupied by a K-8 school and then by a daycare. No exterior changes to the existing building are proposed. Since this site is in the R2.5 residential zone, the addition of a school to the site requires Type III Conditional Use Review approval (Zoning Code Sections 33.110.100.C and 33.281.030.A).”

“The applicant also requests an Adjustment to Zoning Code Section 33.266.200.B.1 to reduce the number of long-term bike parking spaces required for the school from 50 spaces to 16 spaces.”

“Further information is available from the Bureau of Development Services. Please contact Andy Gulizia at (503) 865-6714 or [andrew.gulizia@portlandoregon.gov](mailto:andrew.gulizia@portlandoregon.gov)

### **APPLIED THOMISTIC PSYCHOLOGY: HOPE FOR OUR DISORDERED WORLD WITH CHRISTIN MCINTYRE, MD, PHD**

Eight hundred years ago, Saint Thomas Aquinas described the inner workings of the human soul with profound clarity. Today, his writings continue to offer valuable insights into mental health, because the truth of how God designed us becomes a light to reveal how and why some modern therapies work better than others, and why some may pose a danger to our souls. For the mental health crisis in our world today, Thomistic Psychology offers hope for true healing.
